Proud members of the London Boys' Schools Network

Championing boys' education in the capital

AN EXCEPTIONAL BOYS' ONLY EDUCATION FOR YOUR SON – WHY CHOOSE US?

Strong academic performance

Excellent results for boys, especially in English and Maths, surpassing national averages, including top academic results for boys in Camden.

Outstanding outdoor education

Unique access to a 10-acre residential centre, providing outdoor learning opportunities across many subjects and essential life skills - personal growth, character building, independence and team building.

Exceptional transition support into Year 7

Tailored programme; inducting new students from March through to September including personal one-to-one meetings with families, induction days in March and July, summer school in August and a Year 7 camp in June.

Focus on character development

Our distinctive 'Elysian Character Framework' - the 5Rs - Respect, Responsibility, Resilience, Resourcefulness, Reflection - supports students in becoming well-rounded, successful individuals.

Additional benefits and reasons why parents are choosing a boys' school in London:

Boys' schools provide a calm and supportive environment where students can thrive academically, develop leadership and communication skills. Students are encouraged to be themselves, learn with confidence, forge lifelong friendships and grow into thoughtful young adults. An aspirational and dynamic environment ensures the curriculum and activities are tailored to boys' needs, with an emphasis on confidence, creativity and positive masculinity. These schools help boys mature at their own pace, and prepare them well for future mixed educational settings.
